OJM

1

On 05/16/95, Jane B. Doe furnished the following information to SA Oliver J. Mercedes:

On above date Doe was attending a meeting at ACME Organization Headquarters when an individual entered the room and began to hand out propaganda accusing the U.S. Government of involvement in the bombing of the Federal building in Oklahoma City. Doe has never seen the individual before at ACME Organization meetings and believes the individual was walking the streets of downtown Miami passing this literature around to anyone that would accept it.
